

# WILDWALLS

WildWalls is produced by JH Public Art.

Explore the outdoor gallery of WildWalls to discover the vital role that pollinators play in our ecosystem.

Local artists partner with science communities and JH Public Art to generate art that tells ecological stories.

Some WildWalls murals are paired with AUGMENTED REALITY animations, based on current science from within the Greater Yellowstone Ecosystem.

**Estos murales tienen historias que contar. Algunos se combinan con animaciones en REALIDAD AUMENTADA, basadas en la ciencia actual del ecosistema de Yellowstone.**

## THESE MURALS HAVE STORIES TO TELL

*Scan to bring the artwork alive!*

To experience the animations, follow these instructions:

**Para experimentar las animaciones, siga estas instrucciones:**

STEP 1:

Download the free Hoverlay App on your smartphone (tip: scan QR code).  
**Descargue la aplicación gratis Hoverlay en su teléfono (escanear QR).**

STEP 2:

Turn up the volume on your phone.  
**Sube el volumen de tu teléfono.**

STEP 3:

View the murals through your phone and watch them come alive!  
**¡Mira los murales a través de tu teléfono y mira cómo cobran vida!**
